

OMEGA

design4u

OMEGA is an interesting, minimalistic design, that gives each room a luxurious character. The furniture perfectly presents itself in modern interiors, as well as an interesting complement to classic layouts. Omega is a combination of adversities intended by the designer. White contrasts with deep black, gloss with matte and all this is broken by large satin handles. The simple, symmetrical body of the furniture proudly displays a matte black aluminium frame with graphite glazing on its front, with the interior of the display cabinets illuminated by LED light.

Omega is endless potential, it's an inspiration to create furniture tailored to your own concept.
